

Moatasim Ashraf

F R O N T E N D D E V E L O P E R

Career Objective

I am a Frontend Developer with about 3 years and more than 20 projects and apps of experience in this field and its languages and tools.

I am a very good self learner as I learnt all of my experience in this field by my own

I provide the best design and idea for your website or I can convert an already existing design into code to provide you exactly what you need.

All of my work samples are shown on my personal website whose link is attached with this resume
